WHERE TO EAT

Slim's Cantina

Kick back on the sunny patio at Bunker Hill with some fresh Mexican favorites, including burritos, nachos, and bowls. Complement your meal with a classic Mexican soda or adult beverage before riding out the rest of your day.

June Meadows Café

Start the morning with a hearty meal: eggs, hash browns, breakfast sandwiches (a.k.a. Mountain Muffins), coffee, and hot cocoa. Fuel up at lunch with cheeseburgers, chili fries, and salads – plus check out our popular kids menu.

Antler Bar

The world-famous Antler Bar opens at 11AM and offers tasty libations with the best views in the Sierra.

June Java

Before ascending up J1, stop into the convenient coffee shop located inside the Ticket Office to treat yourself to delicious coffees, pastries, muffins, and snacks.

BE SAFE & HAVE FUN

June Mountain works hard to provide a safe, consistent and fun mountain experience. We insist upon personal responsibility and respect for others and our environment.

Trail Ratings

Please be advised that trail rating symbols are relative to each ski area's specific terrain. A blue square trail at June Mountain could be easier or more difficult than a blue square trail at a different resort. No matter your ability, when skiing/riding for the first time on any mountain, start on the easiest runs and work your way up to familiarize yourself with the area.

Hazards and obstacles may exist throughout the season. Flags, fencing, poles, signage and padding are used by the ski area to mark known locations of potential obstacles and hazards. These markers do not guarantee your safety and will not protect you from injury. As part of "Your Responsibility Code," it is your duty to avoid all obstacles and hazards, including those that are marked.

To find your way back to the Chalet, look for the signs at trail junctions that will point you in the direction.

Know the Code

Skiing and snowboarding can be enjoyed in many ways. At ski areas, you may see people using alpine skis, snowboards, telemark skis, cross-country skis, and other specialized equipment, such as that used by people with disabilities. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce, but never eliminate. Observe the code listed below, and share with other skiers and riders the responsibility for a great skiing experience. To ensure fun for all, irresponsible behavior such as rude conduct or gestures, profanity, defacing property and violating the standards below, is not tolerated and could result in losing your lift privileges. Know and obey the code. It's your responsibility.

- Always stay in control. You must be able to stop or avoid people or objects.
- People ahead or downhill of you have the right-of-way. You must avoid them.
- Stop only where you are visible from above and do not restrict traffic.
- Look uphill and avoid others before starting downhill or entering a trail.
- You must prevent runaway equipment.
- Read and obey all signs, warnings and hazard markings.
- Keep off closed trails and out of closed areas.
- You must know how, and be able to load, ride and unload lifts safely. If you need assistance, ask the lift attendant.
- Do not use lifts or terrain when impaired by alcohol or drugs.
- If you are involved in a collision or incident, share your contact information with each other and an employee.

WARNING: Padding, fencing, equipment covers and other warnings are in place to inform. These warnings are limited in their ability to protect you from injury. It is your responsibility to avoid marked objects and areas. Faster skiing means more risk of injury in collisions.

California State Penal Code

The following misdemeanors are punishable by a fine of up to \$1,000. Violators will lose lift privileges.

- Skiing/riding within or entering a CLOSED area. PC 602r.
- Leaving the accident scene if involved in a collision, except to notify authorities or obtain assistance. PC 653i.

In Case of Emergency, Call 760.914.0612

Notify Ski Patrol, a lift operator, or any uniformed employee of the nature of the injury, as well as a description and location of the injured person.

VISIT JUNEMOUNTAIN.COM/SAFETY FOR A COMPLETE LIST OF ON- AND OFF-HILL STANDARDS.

FREESTYLE TERRAIN SAFETY

Freestyle terrain areas are designated with an orange oval and may feature jumps, take-offs, ramps, banks, fun boxes, jibs, rails, snowcross, bumpy obstacles, and other natural or constructed terrain. Prior to skiing/riding on any freestyle terrain, you are responsible for familiarizing yourself with the area and obeying all rules, warnings and signs. Freestyle skills require maintaining control on the ground, and in the air. Inverted aerials are not recommended. You assume the risk.

Make a Plan

Every time you use enhanced terrain, plan for each feature you want to use. Your speed, approach and take off will directly affect your maneuver and landing.

Easy Style It

Always ride or ski in control and within your ability level. Do not attempt freestyle terrain unless you have sufficient ability and experience to do so safely. You control the degree of difficulty you will encounter in using freestyle terrain, both on the ground and in the air.

Look Before You Leap

You are responsible for inspecting freestyle terrain before initial use and throughout the day. The features vary in size and change constantly due to snow conditions, weather, usage, grooming and time of day. Do not jump blindly. Use a spotter when necessary.

Respect Gets Respect

Respect freestyle terrain and others. Only one person on a feature at a time. Wait your turn and call your drop. Always clear the landing area quickly. Respect all signs and do not enter freestyle terrain or use features when closed.

EXPLORE & PROGRESS

June has always been a favorite spot for families with our wide-open trails and beginner-friendly terrain. Even our terrain parks have been created for the whole family, so everyone from little groms to rad dads and moms can have some freestyle fun.

Haunted Forest Adventure Zone [J6 & J4]

Spooky animations and enhanced terrain adjacent to Silverado.

Surprise Fun Zone [J2]

Mellow rollers, berms, and small snow spines served up boardercross-style.

Bucky's Playground [J2]

Enhanced natural terrain, jumps, rails, and boxes with progression in mind.

Enchanted Forest Adventure Zone [J2]

Berms, rollers, and beautiful animation makes this a great area to learn how to ski the trees.
